

## Your guide to energy efficient appliances

When you consider your next appliance purchase, you are encouraged to purchase an ENERGY STAR® qualified appliance. Your cooperative offers rebates for members who purchase an ENERGY STAR-qualified refrigerator or freezer as long as the replaced unit is properly recycled. Members can also receive a rebate for purchasing ENERGY STAR electric clothes dryers and dehumidifiers.

### DEHUMIDIFIERS

- ENERGY STAR-certified dehumidifiers have more efficient refrigeration coils, compressors, and fans than conventional models, which means they remove the same amount of moisture but use nearly 30% less energy.
- In fact, the annual energy saved by an ENERGY STAR certified dehumidifier could power your ENERGY STAR certified refrigerator for four months!

**By choosing ENERGY STAR, a typical household can save about \$450 on their energy bills each year and still enjoy the quality and performance they expect.**

### ELECTRIC CLOTHES DRYERS

- ENERGY STAR certified dryers use about 20% less energy than conventional models without sacrificing features or performance.
- You can save about \$20 a year in electricity compared to the dryers that only meet the minimum efficiency standard.

### FREEZERS

- Freezers that have earned the ENERGY STAR are at least 10% more energy efficient than the minimum federal standard.
- Replacing your old freezer with one that has earned the ENERGY STAR could save you approximately \$35 a year.

### REFRIGERATORS

- ENERGY STAR certified refrigerators are about 9% more energy efficient than models that meet the federal minimum energy efficiency standard.
- By properly recycling your old refrigerator and replacing it with a new ENERGY STAR certified refrigerator, you can save approximately \$50 a year.

Freezer with recycling of existing unit Manufacturer \_\_\_\_\_ Model Number \_\_\_\_\_

Refrigerator with recycling of existing unit Manufacturer \_\_\_\_\_ Model Number \_\_\_\_\_

### RECYCLE ONLY

Freezer recycle only Manufacturer \_\_\_\_\_ Model Number \_\_\_\_\_

Refrigerator recycle only Manufacturer \_\_\_\_\_ Model Number \_\_\_\_\_

### RETAILER INFORMATION

Retailer/Store Name \_\_\_\_\_ Location \_\_\_\_\_

Rebates are available for the purchase of new ENERGY STAR rated appliances. A new refrigerator or freezer purchase must include recycling of the older, working refrigerator or freezer. Rebate submittal must follow the guidelines as outlined by the cooperative. The cooperative is not responsible for inaccurate information supplied by appliance dealers. Rebates will be issued only for products on the current list of ENERGY STAR rated products as of the purchase date. ENERGY STAR occasionally removes products from qualifying lists, and the cooperative will not rebate products that have been delisted as of the purchase date or are mislabeled as ENERGY STAR. To verify ENERGY STAR certification for appliances and lighting, visit [www.energystar.gov](http://www.energystar.gov). Rebate program is subject to change or cancellation without notice. Call the cooperative to verify rebate program status and availability of rebates.  
One appliance rebate per member per year. Selling or donating old appliance does not qualify as recycling for this rebate.

### IMPORTANT

- Check with cooperative for qualifying rebate amounts. Rebates less than \$100 will be paid as an electric bill credit.
- The appliance(s) must be installed within the cooperative's service territory.
- Incomplete forms will not be processed.
- Include a copy of the original dated sales receipt, proof of recycling old refrigerator or freezer and Energy Star certification.

Please submit receipt, proof of recycling and Energy Star certification and this form to:

Brown County REA, PO Box 529, Sleepy Eye, MN 56085
